

About FOO

Friends of Oatland Island, Inc., is a 501(c)3 organization. It was established in 2001 to support Oatland Island Wildlife Center's staff and animal residents.

Board members are all volunteers who work hard on their own time to supplement financial and professional support of the Wildlife Center. It is often said that Friends of Oatland (FOO) is a "working board," fueled by our love of animals, the environment, our community, and specifically Oatland Island.

FRIENDS OF OATLAND ISLAND

Oatland Island Wildlife Center is a community treasure. Beloved by young and old alike, fond memories are made by all who visit the center.

Facebook Review

"Never see things the same way twice always a great place for a family outing or even a school field trip!!! "

~Melanie

Yelp Review

"Fantastic good family outdoor fun. Very relaxed environment. Lots of walking and encourages outdoor fun."

~Nicole

Trip Advisor Review

Great place to take children! Enjoy great walks through nature and view animals as they live and thrive!

~ Amy

Facebook Review

"Such a great peaceful spot! So many wonderful events."

~Debbie

Engaging Fundraisers

Friends of Oatland not only accepts donations on Oatland Island Wildlife Center's behalf, we also like to hold community inviting fundraisers.

In 2018, FOO started *Oatland After Hours*, a fun and relaxing evening out at the center for adults only. These events range from painting parties to yoga sessions inside the wolf cabin and offer participants a unique experience of the center during the twilight hours.

Behind the Scenes

FOO's Board of Directors are often found on the grounds of Oatland Island Wildlife Center.

Whether they're making enrichment treats for the animal residents, helping to prepare for one of the center's many events, or working on grants to support the animals and grounds, you might or might not see them working away to help make your experience a unique one.
